Managing malaria
Group worksheet

Your target region is:

1. Who is most at risk from malaria in this region?

2. Where are the problem areas in your target region?

3. What are the main challenges to malaria management that need to be addressed in this region?
4. **Outline your strategy with your top three initiatives.**
   *(The initiatives can include combinations of different methods, but they must be relevant to the overall initiative):*

   **Initiative 1:**

   **Initiative 2:**

   **Initiative 3:**

5. **How will you monitor and evaluate that your strategy is working?**

6. **How will you communicate your strategy to the target communities?**
